Addresses

It is important that UKCP has an appropriate address at which to contact each member.

This 'confidential' contact address is the address to which you would prefer postal items from UKCP to be sent. Postcodes are very important. Please ensure that you enter yours correctly.

A public address is required for the UKCP Register; this may be your name and town only. However, for your profile to show on *Find a Therapist* you must provide a full postcode with your town and county.

Please note As a minimum the town or county in which you practice or are resident will be shown against your name on our website, and in our responses to public enquiries. This is to assist the public in identifying and differentiating between members with the same or very similar names.

Email

Most UKCP communication with members is done by email. You can control which emails you receive from us by logging in to our website - you will be able to do this when your application has been processed.

Please make sure that your email address is clear as it is easy to confuse certain characters (for example l and 1).

Telephone

Please ensure that you enter a contact telephone number and that it is in the correct section of the form (for example, UKCP use only, or for public use).

Training and professional membership details

It is important that we know about other professional bodies to which you belong. UKCP is working with other voluntary regulators and professional bodies to improve appropriate information sharing strategies for regulatory matters. We will inform you in writing if we need to communicate to your other membership bodies about your membership. Any communication would be in accordance with UKCP policy and the data protection act.

Please ensure that you identify all UKCP and other organisations at which you have trained in psychotherapy. This information will be used to allow cross checking of qualification, accreditation and training standards details. This is important in providing a sound regulatory framework.

If you have achieved your membership via an accreditation process please ensure that you clearly indicate through which organisation this was originally achieved. For more information on achieving accreditation please go to our website: www.psychotherapy.org.uk.

Return of forms and payment

Please forward your application form to UKCP with the appropriate application fee if you are paying by cheque, telephone number if you would like to pay by credit/debit card or complete the Direct Debit mandate to pay by annual Direct Debit. The address to return it to is:

UK Council for Psychotherapy
2nd Floor, America House
2 America Square
London
EC3N 2LU
